NULLAGINE SCHOOL STUDENTS WITH THEIR OWN VEGGIE PATCH

BC Iron has generously provided supplies, labour and expertise. Tim from ‘Your Patch’ in Perth visits every 3 weeks to teach the students about growing their own vegetables.

This is a great opportunity for the children to learn all about growing, harvesting and eating fresh vegetables.
Boost your immune system and soothe your throat and sinuses with this all natural, easy to make, delicious-tasting cold and flu remedy!

**Ingredients**
- 2 lemons, sliced.
- 1 large “hand” of ginger, peeled and chopped about the size of a 5 cent piece.
- 1 cup of raw honey

**Method**
1. Place lemon slices and ginger slices in a jar.
2. Pour honey over top.
3. Stir to ensure lemons and ginger are covered.
4. Sit for a day or longer to allow for lemons and ginger to infuse into the honey.
5. Store in fridge for several months.

Raw honey is antibacterial, anti-viral, anti-fungal and high in antioxidants.

Lemons are antibacterial, anti-viral, and contain immune-boosting vitamins and minerals.

Ginger is anti-inflammatory and helps soothe inflamed sinuses and throats. It also helps boost the body’s ability to absorb nutrients.

**Carbonara Pasta Bake**

Here is an easy, great winter dish to warm the cockles of your heart.

**Ingredients**
- 300g dried farfalle (bow-tie) pasta

- 3/4 cup finely grated parmesan cheese
- Mixed salad leaves, to serve

**Method**

**Step 1**
1. Preheat oven to 200°C/180°C fan-forced. Lightly grease a 5cm-deep, 33cm x 19cm (base) ovenproof dish.

5. Add bacon or prosciutto mixture to pasta. Add eggs, cream, onion and 1/2 cup cheese. Season with salt and pepper. Toss to combine. Transfer to prepared dish.
Winter has kicked in with a vengeance here in Nullagine. We’ve had some pretty cold winds and the nights have been really dropping in temperature. It was only a few months ago, that we were wishing for some cool weather. Well we definitely got our wish.

Many new faces are arriving here for the tourist season. It’s always nice to meet new people, and to hear about the stories of their travels.

It will soon be school holidays again and it’s so hard to believe that half the year has already gone. If you are travelling in these holidays, please stay safe and have a great time.

If you have children starting school in 2015, you need to enrol them by 25th July 2014, so if you haven’t already done so, please see your school as soon as possible.

I take this opportunity to say farewell to Craig Tippett, the Coordinator of the Nullagine CRC as he will be relocating to South Hedland and also would like to congratulate his wife Angie, on her appointment as Deputy Principal in South Hedland. Wishing them and their family all the best for the future. I will be taking on his role as Coordinator but the Library will remain the same. Congratulations to Sharon O’Connor on her appointment as Assistant Coordinator.

Colour Me
BUY BIRDSEYE AND EDGELL

Now this scares me:
Think about this:-
The ONLY Australian manufacturer of frozen Australian grown vegetables (Simplot Australia) is not far from closing because a number of the other well-known Australian brands have moved their plants to New Zealand in order to capture the Chinese vegetable market where they market via New Zealand to Australian tables (without the food being labelled specifically as Chinese) and Simplot is finding it hard to compete. This was shown on the program Landline on the ABC (Sunday 15/9).

SHOULD SIMPLOT CLOSE, THIS MEANS THAT NO AUSTRALIAN GROWN FROZEN VEGETABLES WILL BE AVAILABLE AT ALL AND WE WILL BE RELYING ON FOOD GROWN TOTALLY OUTSIDE OF AUSTRALIA ...
For a number of reasons this is not a good situation.

1. As most people know, other countries do not necessarily have the strict guidelines for growing their vegetables that Australia has and by buying Australian we can be sure that lethal chemicals that may be used in other countries will not be used on Australian vegetables.
2. We would be keeping Australians in jobs.
3. If ever the world became unstable regarding wartime we would not be able to feed ourselves.

It is imperative that we all support these Australian brands selling good Australian vegetable products (via Simplot).

Birdseye
Edgell

Next time you shop, please think about the future of Australian food.

What do you reckon folks? Let’s buy Birdseye and Edgell.

Some of us love our designer labels. We buy premium brand shoes, premium brand clothing and well known premium perfumes and handbags.

BUT ...... We also look to buy the cheapest food we can for our children to eat. That doesn't make sense.
This is so true, the farmers in Tasmania are extremely worried about Simplot’s impending closure. They also have a lone plant in Bathurst subject to the same uncertainty.
If these last remaining plants close, it means that China then has total control over our fresh/frozen vegie industry.
Particularly disturbing to see that Chinese Grown vegetables are coming in branded as a product of New Zealand.

PLEASE PASS THIS TO AS MANY PEOPLE AS YOU CAN,
Let’s rally around this folks. It won’t take any effort and it means a lot.
By His Stripes

Peter Damian died on February 23, 1072, but not before beginning one of the strangest fads in Christian history. Damian, a Benedictine monk, advocated a life of extreme austerity. In denying worldly pleasures, he found it useful to whip himself, and he taught the practice to others. Monks began lashing themselves while reciting the Psalms. Each psalm was accompanied by a hundred strokes with a leather strap to the bare back. The whole Psalter was good for an additional fifteen hundred strokes. It reenacted the suffering of Christ and of the martyrs, they thought, and served as an act of penance. Some monks flogged themselves to death for their own benefit and to release souls from purgatory.

Self-flagellation remained localized and limited to monasteries for two hundred years, but in the thirteenth century, it enflamed the masses. The Black Death was causing many people to believe the end of the world was near, and bands of flagellants appeared across Europe calling people to repentance.

In the outbreak of 1259, great parades of thousands from all classes and of all ages marched through the streets stripped to their waists, carrying crosses and banners, singing hymns and scourging themselves.

The flagellant movement reignited repeatedly during the next two centuries, and the frenzy of 1349 exceeded all previous demonstrations. Bands of enthusiasts suddenly appeared in all areas of Europe. They marched from town to town, dressed in white, with red crosses on caps and mantles, singing hymns and carrying banners. They camped in public squares, and twice daily they bared themselves to the waist, fell to their knees and scourged themselves. Their whips with needle—pointed iron tips drew blood as the struck to the rhythmic music of hymns.

On October 20, 1349, self—flagellation was condemned by a papal bull and rightly so. We can never pay for our sins by our own blood, however painfully shed.

By his stripes we are healed. Our bodies are his temples to be guarded, not abused.

Flagellants were nevertheless seen in Rome as late as 1870, and even today there are isolated out breaks.

He was wounded and crushed because of our sins.

By taking our punishment,
He made us completely well.

All of us were like sheep that Wandered off.

We had each gone our own way,
But the LORD gave him the Punishment we deserved.

In week 5 of Term 2 we took 30 students to Hedland for one night and then to Broome for 5 nights, for our school camp. The students who attended camp had to work very hard to achieve good attendance and show fantastic behaviour in the classroom and in the playground before being selected to come.

On the first day we drove to Hedland and went to the South Hedland Pool before getting Chicken Treat for dinner, which we ate at the Cemetery Beach Park, and then we went to the Andrew McGlaughlin Community Centre where we stayed the night.

We woke up at 4am the next morning to pack the bus and leave at 5am to go to Broome. After 8 hours on the bus we finally arrived to unpack our gear and had the first of many delicious meals provided by the Broome Camp School, which was our accommodation for the week. During our stay in Broome, we had many incursions at the Broome Camp School, as well as excursions all around Broome.

Our incursions included Team Building, Orienteering, Low Ropes, Climbing Wall, swimming in the BCS Swimming Pool, a Cultural Tour where we learnt about bush tucker in the Kimberley Region, Kimberley Wildlife Carers who talked to us about an Agile Wallaby who we got to pet, Fish Dissection with the Department of Fisheries, and our favourite incursion, the Astro Tour, where we looked through 3 massive telescopes to see Jupiter, Saturn, Mars and some different star clusters, it was awesome!

We also went on lots of excursions around Broome, including: Gantheaume Point Beach where we learnt to surf, kayak, stand-up-paddle-board and boogie board, Malcolm Douglas Crocodile Park, The Mango Place for ice-creams, smoothies and slushies, Sun Pictures where we watched ‘TRACKS’, Willie Creek Pearl Farm, Red Sun Camel Ride on Cable Beach, shopping, Son Ming Chinese Restaurant, Broome Hovercraft, and the Broome Recreation and Aquatic Centre. Our favourite excursions were Gantheaume Point Beach, Red Sun Camels and the Hovercraft.

Each day the staff and parents chose a Student of the Day, who received a prize for their great behaviour. The following students were chosen as the Student of the Day: Sonia Francis for picking up rubbish without being asked, Sharneil O’Connor for being polite and helpful, Cooper Tippett for being patient and using wonderful manners, Janissa Booth for being a great role model and showing fantastic leadership, and Jerome Wilberforce for his generosity when he shared his own spending money with another student and gave his left over spending money to a homeless person. All of the students who came on camp were very deserving and we are so proud of you all!

The staff and students would like to say a massive “THANK YOU” to BC Iron, who provided us with a Go West Tours Bus and Driver, our awesome driver John Ballinger, Millenium LTD for their generous donation, and the staff at the Broome Camp School for taking us to Gantheaume Point Beach, and for cooking us amazing meals every day!

I would also like to thank the amazing staff and parents for supervising the students, giving directions to the bus driver, and washing copious amounts of washing every day: Peta Asplin, Matthew Dawson, Neil O’Connor, Larissa Booth and Natalie Tapera, it was an awesome team effort!

We hope you enjoyed reading about our camp and looking at our awesome pictures!!!
